SKILLMATCH · SAVED COURSE RESOURCE INDEX

Code Institute learner resources

A tidy reference to the resource page saved for the Diploma in Data Analytics with Artificial Intelligence. Use the links below to open the live Code Institute resource area.

> **This is an index, not an offline copy of the course.**
>
> The saved page contains resource names and links, but not the linked files themselves. Opening any Code Institute link requires the LMS to be available and your own account to be signed in.

FEATURED RESOURCE ↗

Data Analytics with AI Hackathon: Dashboard Essentials

Open the resource in the Code Institute LMS.

RESOURCE FOLDER ↗

Assessment Guides

Open the folder in the Code Institute LMS.

RESOURCE FOLDER ↗

Student Learning Supports

Open the folder in the Code Institute LMS.

RESOURCE FOLDER ↗

Heroku Setup

Open the folder in the Code Institute LMS.

What this backup preserves: the names and web addresses visible in the saved resource page.

What it does not preserve: course lessons, downloadable documents, videos, or other files behind the links. Those must be saved separately, where permitted, if they are needed offline.

Source note: prepared from a saved Code Institute resources page on 20 October 2026. The live links have not been independently checked in this document.
